		Pages: 1/1

FK 16-1 Reception form for attending the test subject.

1. Date:
2. Object - designation:.....
3. Manufacturer:.....
4. Nominal power / water power:.....kW
5. Weight – dry:.....kg
6. Weight with water (in water jacket): -kg
7. Dimensions:
 - 7.1. At the fireplace:
 - a = width of the furnace (grate) in mm;
 - b =depth of the furnace (grate) in mm;
 - 7.2. For stoves:
 - 7.2.2. Distance from top plate to floor H = mm;
 - 7.2.3. Ashtray dimensions:
 - 7.2.3.1. B = mm ashtray width;
 - 7.2.3.2. N =mm ashtray height;
 - 7.2.3.3. L =mm depth of the ashtray;
 - 7.3. Minimum distance to adjacent materials :mm
 - 7.4. Flue damper (drawing and dimensions): Yes/No
 - 7.5. Flue socket (drawing and dimensions): Yes/No
8. Emission of CO (at 13% O₂) in combustion products:.....mg/m³
9. Maximum operating pressure:bar
10. Energy efficiency:%
11. Preferred fuel:
12. Condition of the object: In full equipment and good looks. Following the visual inspection were not found deficiencies and / or damages that would have been reason to compromise the results of future tests according to standard EN.....
 - 12.1. Completeness: Yes/No
 - 12.2. Functions and malfunctions of the device: All mechanisms and devices - valves and doors function properly.
13. Instruction for installation and operation - presence: Yes/No
14. Plate - presence: Yes/No
15. Servicing tools: Yes/No

Submitted the object:
/ name surname and signature /

Accepted the object: eng.Pl. Iliev.....
/ name surname and signature /
